

# Infectious Illnesses

Students with symptoms and signs of an infectious disease, such as fever, cold or flu, vomiting or diarrhoea, are encouraged to seek medical attention, limit contact with others, stay at home until symptoms have passed and follow guide-lines on exclusion periods. Some are:

*Cold* - exclusion is not necessary but should stay home until well.

*Flu* - exclusion until child is well.

*Diarrhoea* - exclude until no diarrhoea for 24 hours.

*Vomiting* - exclude until no vomiting for 24 hours.

*Chicken Pox* - exclude until all blisters have dried, usually 5 days.

*School Sores* - exclude until appropriate treatment has commenced and sores are completely covered.

*Whooping Cough* - exclude until 5 days after starting antibiotic treatment, or 21 days from start of cough.

Exclusion periods can be found on the SA Health website - Health Topics > Health Conditions > Prevention & Treatment > Infectious Diseases.

If a student becomes unwell while at school, arrangements will be made for the child to be collected.

## Leadership Program

All year 6/7 students take part in on-going leadership training and given lots of opportunity for learning to be responsible and reliable leaders. Year 7 students receive leadership badges and jumpers, kindly donated by our P&F committee.

To assist Year 7 students with their preparation for high school, we run a variety of special programs. In even years all year 6/7 students undertake a 6 hour

## Leaving School Grounds

When children are collected early from school, Parents/Carers are required to 'sign out' at the School Office.
